Talent Development Program Selection Form

Dear Parent & Student,

We, at the The Millennium School, Greater Noida (W), believe that **every child has innate talent, passion, and drive.** Nurturing it at an early age can boost their creative expression & self-confidence, build a leadership mind set, and create secondary career options beyond academics. Keeping **students' holistic development** in mind, the school curriculum is designed to place equal emphasis on scholastic and co-scholastic activities.

As we've stepped into a new session, we encourage all students to be a part of our **"Talent Development Programme,"** executed by our skilled Enrichment team. It will enrich their learning experience, create opportunities for them to explore their interests, and hone critical life skills under the supervision of seasoned mentors while collaborating with their peers.

With regards to this, please note:

- Every student must participate in **at least one activity of their choice.**
- They have to mention two preferred choices of activities from the list. Please highlight them as your **'first' and 'second' preferences.**
- Activities will be assigned based on the preference and the availability of seats.
- Learners must make the selection mindfully, as they will be performing this activity for a longer period of time.

Note: TDP has two components TDP Sports & TDP Culture. TDP Sports will continue as before & TDP Culture is where we seek your choice.

Warm regards

Dr. Himani Tyagi
Principal

_____ ✂ _____ ✂ _____

Name: _____

Class & Section: _____

Please put a tick in front of the activity as per your choice.
