4th October 2023

Month - October 2023

House on Duty - Agni

Dear Parent / Guardian,

Greetings from The Millennium School Greater Noida (W)!

The primary objective of all these activities is to promote collaboration, communication, and a healthy sense of competition among our students. It combines elements of physical activity with mental challenges, creating an environment where our students can learn, grow, and have fun together.

Given below are the activities for the September 2023:

1. Socio Emotional Ethical Learning (Classes III - VIII)

Topic: Building Resilience

Day & Date: Every Monday 1st Period

Objective: Students will understand the concept of resilience, recognize its importance in facing challenges and develop practical strategies to build resilience in their lives.

2. Cooking Without Fire (Classes III - V)

Day & Date: Tuesday, 10th October, 2023

Description: Through this activity we introduce our students to the world of culinary arts without the need for traditional stovetop or open flame cooking. Students will create delicious and safe dishes using methods like salad-making, sandwich assembly, or even preparing no-bake desserts. This activity not only teaches basic cooking skills but also emphasizes creativity and food safety, making it a fun and educational experience for them.

3. Samarsata - Annual Day (Classes III - V)

Day and Date: Saturday, 14th October, 2023

Description: Our Annual Day is more than just a performance; it's a celebration of our commitment to the Sustainable Development Goals. Through captivating acts and thought-provoking presentations, we illuminate the path to a better, more sustainable world, one goal at a time.

4. Basketball Inter-House Match (Classes III - VIII)

Day & Date: 17th - 20th October, 2023

Description: The inter-house basketball competition is an exciting and highly anticipated event within a school, where different houses compete against each other in the fast-paced game of basketball. It promotes sportsmanship, teamwork, and healthy competition among participants, fostering a sense of unity and pride within each house.

5. Digital Citizenship Day Activities (III - VIII)

Day & Date: Friday, 25th October, 2023

Description: Digital citizenship is the responsible and respectful use of technology to engage online, find reliable sources, and protect and promote human rights. On this day students will be engaged in various activities that will focus on as online privacy, cyber security, digital literacy, and the importance of respectful online communication. It will provide an opportunity for individuals and communities to learn how to navigate the digital world safely and responsibly.

Looking forward to your support and cooperation.

Best regards,

Dr. Himani Tyagi
Principal
