

TMSGRN/CIRC/23-24/17

22nd May' 2023

Dear Parent

Greetings from The Millennium School, Greater Noida (W)!

“Good teaching is more a giving of right questions than a giving of right answers.”
- Josef Albers

We strive to inculcate curiosity in our learners to explore answers themselves so that they experience the joy of discovery. But every fruitful journey comes with timely breaks! For our Primary and Middle wing learners this break comes as Summer Vacation starting from **Monday, 29th May 2023.**

We invite you to a **Student Parent Teacher Meeting (SPTM)** for Grades **III - VIII**, wherein your child's Class Teacher will apprise you of your child's progress till now along with expectations from you as our partners in education on **Saturday, May 27, 2023 from 8:30 am – 12:00 pm.**

Please note the following important points:

- Parent's feedback is critical in improvement of school activities and experiences. We solicit your feedback via attached feedback form <https://forms.office.com/r/sFJwRX2rN5>
Please submit by **Friday, May 26th till 5 pm.**
- **Individual Time Slots for the SPTM** will be shared by your ward's Class teacher.
- It will be mandatory for your ward to accompany you to the **SPTM in school uniform.**
- For Grades III to VIII, please ensure that you visit your ward's sports coaches who will be stationed at the **sports coaches rooms on first floor.**

In order to reduce the waiting time for parents, we would like to ensure that the parents' visit time is spread out evenly across the day. Thus, you are requested to restrict your SPTM duration as allotted. Your class teacher will be communicating the slots to you through the class Whatsapp group.

❖ **The school will reopen for all grades on Monday, 3rd July 2023.**

BOOK FAIR

- ❖ *“The more that you read, the more things you will know. The more that you learn, the more places you’ll go.”*

“A Reader’s Paradise” by Scholastic learning is organized on the day of SPTM, having books from a variety of publishers. To explore the magical world of books, visit the book fair with your ward and experience the joy of reading together. **Exhibition is in school’s Cafeteria.**

STEAM LAB

- ❖ We invite you to visit our **STEAM (Science, Technology, Engineering, Arts, and Mathematics)** Lab on **2nd floor**. Our STEAM Lab is equipped with state-of-the-art tools, equipment, and resources to support their exploration and experimentation.

By visiting the STEAM Lab, you will gain insights into the innovative teaching methods we employ to foster **critical thinking, problem-solving, teamwork, and creativity** among our students. It will also provide you with a chance to witness the real-world applications of the concepts they are learning in their STEAM-related subjects.

Warm Regards,

Dr Himani Tyagi

Principal
