02nd August '23

Dear Parent

School can truly empower children if parents and teachers act in a partnership on behalf of the children's best interests.

It's time to celebrate the bond of togetherness in the upcoming **Student Parent Teacher Meeting (SPTM)** for classes, **Pre-Nursery – VIII**. This will provide an excellent opportunity to discuss your child's progress, strengths, and areas for growth. We look forward to have productive conversations with you as our partners in education on **Saturday, August 05, 2023, from 08:30 am – 12:30 pm**

Please note the following important points:

- **Time Slots** for the SPTM will be shared by your ward's **Class teacher** on class **WhatsApp group**.
- It will be mandatory for your ward to accompany you to the SPTM in **proper school uniform**.
- Your ward's **Progress Report** will be shared through **E-Care Pro** on **Friday, August, 04, 2023 by 06:00 pm**.
- It is strongly advised that you go through your ward's progress report thoroughly and mindfully to have a meaningful discussion with the class teacher.

In order to reduce the waiting time for parents we would like to ensure that the Parents' visit time is spread out evenly across the day. Thus, you are requested to restrict your **SPTM** duration as allotted.

The following special event would also be organized on the school premises on the same day:

❖ **READING FAIR 'BOOK BOOM'**

The house of **Dazzle Learning** is organizing special book fair on the day of **SPTM**. At TMS, we believe in inculcating the **habit of reading** in all our students. Help your child imbibe this school ideology by making friends with at least 2 books this month as we are planning a special project based on the books they buy and read.

Venue: School Cafeteria (Lower Ground Floor).

All parents are requested to enter the school premises from **Gate No 4** only.

Looking forward to your presence at the **READING FAIR** and the **SPTM**.

Best regards

Principal

Dr Himani Tyagi
