

DR. HIMANI TYAGI

Principal

Dear Parents

We are extremely pleased to share that **Dr. Himani Tyagi** has joined The Millennium School, Greater Noida West as a **Principal**.

Dr. Himani Tyagi is a seasoned, well-read, and adroit professional with Masters in Biotechnology from IIT Roorkee and successful Ph.D (Delhi University) in Molecular Biology. She is an ICF certified **Executive & Instructional Coach** and has many major publications to her name.

She has an academic professional expertise of **more than 15 years** and has also contributed to reputed schools in Delhi-NCR as Vice Principal as well as Head of Academics. She also served as a Biology Faculty in the University of Sciences in Philadelphia, US where she taught undergraduate students as well as guided their research in the laboratory.

Passionate about Parenting, she is a Global Presence Ambassador with Parenting 2.0 and has conducted 100+ parenting sessions on a variety of topics. She is also a certified "Better Brains for Babies" trainer from the University of Georgia, USA.

She can be described as a highly committed professional with a penchant for innovation and excels at fostering an environment that promotes learning and development. She has also played a stellar role in the establishment and management of all academic processes with proven skills in the virtual environment during COVID-19 pandemic in her previous organizations.

Dr Himani resides in Ghaziabad with her family which includes her husband and two boys. She loves Yoga and gardening in her leisure time.

We warmly welcome Dr. Himani Tyagi to our TMS-GNW family!

Warm regards

Madhu Tandon

Director
